

Now is the time to wear

Dr. Deimel Underwear
(LINEN-MESH)

A great deal of the sickness in the world is caused by unsanitary woolen underwear. Most underwear is made of linen which while being clean has the great disadvantage of being cold and clammy.

By a special process of manufacture, a soft, warm, porous fabric has been evolved by Dr. Deimel, called Linen-Mesh, which is simply linen with the coldness taken out.

Dr. Deimel Underwear has obtained the unqualified endorsement of the foremost members of the Medical Profession and in every part of the globe gives health and comfort—summer, winter, spring and fall.

This underwear is made in such a wide variety of sizes that we can fit everybody.

BURIED IN FLOWERS

Funeral of the Late
**Mr. H. Alexander
Isenberg.**

The last rites over the remains of the late H. Alexander Isenberg were performed yesterday afternoon and the body was laid to rest in the Paty tomb in Nuuanu Valley cemetery.

The services at the family residence at Punahou street and Wilder Avenue were attended by a large concourse of friends, comprising officials of the local and federal government, consuls and those who had known the deceased citizen.

The casket rested in the beautiful land, almost buried under a mass of flowers. There were wreaths of roses and carnations, leis and handsome set pieces. The flowers were so numerous that they filled a large part of the room. The widow and relatives, attended also by intimate friends, sat near the casket during the services, which were conducted by Pastor W. Felmy of the Lutheran Church, and Rev. Canon Mackintosh of St. Andrew's Episcopal Cathedral, both in their robes of office. The services were quite long, both rituals being impressive. A quartet composed of Messrs. Walter, Isaac and Harold Dillingham and R. C. Brown sang two solos in an effective manner.

The casket, with a wreath of roses and several little bunches of violets resting on the lid was conveyed to the hearse by the pall-bearers who were Governor George R. Carter, F. M. Swanzy, C. M. Cooke, S. M. Damon, W. M. Giffard, F. W. Macfarlane, T. Clive Davies, F. Klamp, W. Pfotenbauer and F. A. Schaefer. The funeral cortege was a very long one.

The flowers were sent ahead to the cemetery where loving hands strewed them over the vault. As the hearse drew into the cemetery, the Hawaiian Government Band, which was stationed near the tomb, played the Dead March in Saul and continued it until the two ministers pronounced the last ceremonies of the church.

Flags all over town and in the harbor were half-masted during the services.

Weak Men, Here's Strength.

Sick and weak, I can cure you with Electricity, as I have cured thousands of others. I can make the blood circulate in your veins, the nerves tingle with vigorous life and the spirit of energy show itself in every pore of your body. I have told you that electricity is "Life," and now all scientists and doctors are approving my claim. Let me prove it to you; let me show you how my method of applying this great power has revolutionized medical treatment.

Dr. McLaughlin—Dear Sir: I will say that since wearing your Belt I have been able to sleep better, I have not had a cramp or pain in the leg affected with varicose veins, my appetite is wonderfully improved, and my nervousness is all gone. Altogether I am greatly encouraged, but the fact that I will really get a cure after many disappointments is almost too good to be true. The great change in my condition during the short time that I have worn the Belt gives me every hope of your prediction for a rapid cure being verified.

Yours most respectfully,
H. G. FOSTER,
Royal Annex, Merchant St.

Dr. McLaughlin's Electric Belt

Restores the snap, the vim and vigor of youth. Any man who wears it can be a giant in mental and physical development. Aton, are you weak, have you pains in the back, weak stomach, constipation, lumbago, rheumatism, enlarged prostate gland, or any of the results of excesses or overwork? My method of applying Electricity while you sleep at night will cure you. It fills the nerves with the fire of life.

I've made giants of lots of men who thought they had passed the best years of their lives. I've taken such men and made regular storage batteries of them, and you can almost see the electric life shooting out of them. If you are going backward, come to me. I'll help you up.
I have a book which every man should read (one for women, also). It tells facts that are of interest to every man who wants to remain young in vitality at any age. Send for this book today, if you can't call. I mail it sealed, free. If you call I will give you a free test. Remember, my Belt does not burn, though you can feel the current and can regulate it. I warrant it to give a strong current for years, though no man who uses it right needs it over three months. Cut this out and act today.

DR. M. G. McLAUGHLIN,

DR. SCUDDER PREACHES ON RELIGION IN HAWAII

The Washington Star says Rev. Dr. Doremus Scudder of Honolulu, representing the American Missionary Association, delivered an interesting address on the progress of religious work in the Hawaiian Islands at the First Congregational Church yesterday morning. Dr. Scudder has been connected with religious work in Hawaii for many years, and he endeavored to acquaint his hearers yesterday with the situation as he found it. He told something of the history of the relations between the Kanakas and this country. He referred to the Dupont expedition to the islands fifty years ago and of the effect of Commodore Dupont's report. He spoke of the necessity of the possession of the islands to the United States, commercially and politically, that was then developed and of the increased needs as the Islanders progressed in civilization. The completion of the Panama canal will make Hawaii the local point for all, he said.

"If past history points anything, it certainly affirms that the Almighty Disposer of human affairs has treated Hawaii as though she were destined for just such pre-eminence," Dr. Scudder said. "The preservation of these islands for three centuries and a half from exploitation by aggressive nations, despite their evident value, the marvelous series of events deserving nothing less than the name miracles, which culminated in their civilization and Christianization and the consolidation of so much financial power in the hands of men ambitious to use their wealth for the extension of the kingdom of God, form a combination which is absolutely unique in history. They belie the wisdom of the Great Pilot if they do not show Him directing the course of this midsea commonwealth toward a commanding position in the development of Christianity entirely out of proportion to the area of the

land or the size of the population.

KEY TO ASIA.

"But present-day conditions speak more loudly even than historic indications. The crux of the Christian situation is eastern Asia. The ultimate life and death struggle of the religion of the Nazarene carpenter is already joined. If it fall here it is doomed. And in a very real sense Hawaii holds the key to Asia. Asia, in Hawaii, is a standing menace or a glowing promise. The yellow peril is no fanciful figment. It does not threaten martial white supremacy. The eastern Asiatic as a great war power is not to be feared. But industrially he is bound to dominate the white if the era of cut-throat competition is destined not to merge into that of co-operative brotherhood. We in Hawaii realize this industrial menace. We know the Chinese as the mainland does not. Yet we do not fear him, but welcome him as a brother.

"Religion also has its special battles in Hawaii. Is Buddhism or Christianity to prevail there? The territory holds more schools teaching this far-eastern cult than it has schools inculcating Christian truth. The menace of Asia is a real thing to us. But we think little of this menace because of the compensating promise. Asia in Hawaii is America's opportunity. Hawaii already touches vitally two continents. The Chinese boycott was made possible by Hawaii, which thus laid one hand on the American mainland and the other upon China. If the church of God will but rise to the occasion and win to Christ the splendid young farmers who crowd to the shores of our territory an ever-widening stream of Asiatic missionaries will carry the gospel to their homelands far more effectually than men of our blood can ever hope to do."

Yesterday afternoon Dr. Scudder addressed a large congregation at the Church of the Covenant.
